RECRUITING OFFICE NEWS.

Orders Received to Enlist Men For the Hospital Corps.

Fifteen colored recruits have enlisted at the recruiting office here for service in the 48th and 49th regiments. They will be sent away tomorrow

Lieut. D. J. Gilmer left at noon for Winston to open a special recruiting station for his regiment, the 49 h.

Lieut. Douglas Settle came up from Raleigh yesterday and spent the forenoon at the Greensboro recruiting office, returning to the capital city at noon.

Orders were received Saturday by Clerk Stroud to enlist recruits for the hospital corps of the regular army. Following are extracts from the circular of information, which has been received at the local station:

The hospital corps consists of hospital stewards, acting hospital stewards and privates

All enlistments are for the grade of private, but provision is made for the promotion of those who show themselves to be earnest, intelligent, capable and trustworthy. The term of service is three years, unless sooner discharged.

Applicants must be between the ages of 21 and 35 years, unmarried, of good character and habits, able-bodied, free from disease, not less than five feet four inches in height, and able to speak, read and write the English language. Minor defects of vision that can be corrected by glasses are not regarded as a bar to enlistment.

The regulations as to age and citizenship does not apply to soldiers who have served honestly and faithfully a previous enlistment in the army.

The enlistment of minors for the hospital corps is not generally deemed advisable, nor are they enlisted without the written consent of father, only surviving parent, or legally appointed guardian.

They must defray their own expenses to the place of enlistmen, satisfy the recruiting officer regarding age and character and be prepared to furnish evidence thereof. Their fitness for military service can only be ascertained by examination at a recruiting station or a military post.

The following is the rate of pay as now established: Hospital stewart, $45 per month; acting hospital stewart, $25; private, $18. In addition, one dollar per month is added during the third year of enlistment.

When a man is honorably discharged at the expiration of his enlistment, or on account of sickness, his travel-pay is ample to carry him to the place of enlistment.

LOAFING ON COLLEGE GROUNDS.

President Peacock Has Resolved to Stop the Annoyance.

Down along the college branch, inside the G. F. College grounds and along the railway track, which runs through the grounds, is a favorite resort for some young men who make it a practice, on Sunday afternoons especially, to loaf and try to get a peep at, or possibly a flirtation with, the college girls, if they ever find one so giddy as to notice them.

President Peacock has resolved to put a stop to this practice, and for that purpose has been sworn in as a special policeman, with powers to arrest any who may trespass on those grounds or in any way make their presence offensive. He has consulted the law and obtained competent legal advice in regard thereto. He knows what he is doing, and when he tells you to move out you had better move, or, what is better still, stay out, unless you have business at the college, and call in the proper way.

"A word to the wise" should be sufficent. A man with even sawdust in his head should know that a railroad is a public thoroughfare and you cannot escape on that score.

Dr. Richard Street Dead.

For weeks the life of one of Moore county's best citizens has hung by a thread. Yesterday morning the thread snapped and Dr. Richard Street, of Glendon, passed to his reward. The funeral was conducted at 2o'clock this afternoon.

Dr. Street was for years a magistrate, a large planter and was regarded as one of the most correct and safest men in his county. He was a man of big heart, as poor people all over his section will testify, who were the recipients of his liberality in the practice of medicine. He always had time to relieve the distressed and speak a cheerful, consoling word to them. His reward is great. His treasures were placed beyond the ravages of moth and rust.

Sad Death at Sanford.

Only a few days ago we were called on to record the death of one of Sanford's most lovely and estimable women, Mrs. Lily Stroud Carrington. That town has been stricken again in the death of Mrs. A. P. McPherson, nee Miss Thompson, of Pittsboro, which sad event occured on Saturday. Mrs. McPherson was deservedly popular and numbered her friends only by the number who knew her.

Suicide Near Warrenton.

J. H. Burroughs, living eight miles south of Warrenton, Saturday evening committed suicide by taking carbolic acid and jumping into W.K. Williams' fish pond. He was missed Saturday evening at 3 o'clock and having been sick some time and his mind impaired a diligent search was instituted. This morning at 8 o'clock the empty bottle was found floating on the pond and the pond was dragged and the body found.

He leaves a widow and four or five children.

Mr. Burroughs was a thrifty farmer, a magistrate and a prominent member of the Baptist church. He was popular, a good neighbor and his tragic death is deplored by the entire community.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU
HIGH POINT, N. C., Sept. 25.

June A. Johnson and wife spent yesterday at Trinity.

Capt. T. J. Redding, of Carraway, was here this morning.

Mrs. Dodomead and daughter returned home Saturday night.

Ernest Carr passed through this morning from home enroute to Greensboro.

C. M. Crawford and A. L. Burns went to Winston yesterday on a pleasant mission.

O. W. Carr passed through this morning from Trinity enroute to Greensboro.

Miss Eliza Fisher, who has been on a visit to her brother in Chicago, returned Saturday night.

Lewin, or "Feet" Harris, as he is more familiarly known among our boys, arrived in the city Saturday.

George Shaw is in a critical condition at his home in Macedonia. He is suffering from abcess of the liver.

H. M. Wright, druggist, is having a large sign put up in front of his store. F. J. Collins did the painting.

Several houses are in course of construction west of High Point just outside the incorporate limits. Quite a village.

There was quite a "swell" festival at "Hotel Hinton" Saturday night. The colored folks did justice to the occasion.

Ed. Gamble, who has been confined to his bed with typhoid fever is on the road to recovery. He lives one mile from town.

Rev. J Robert Parker is hanging paper at the home of J W. Sechrest. He is also doing some painting on the inside of the residence.

Rev. J Robert Parker yesterday attended the holiness meeting in progress at Freeman's Mills. He tells us that he enjoyed the services and that the meeting is a good one.

Will Lee, an employe at J. Elwood Cox's factory had the misfortune to get his right hand caught in a saw Saturday evening, which inflicted a deep gash on that member of the body. Dr. McAnally dressed the wound.

Geo. H. Crowell, superintendent of the High Point graded schools, preached a powerful sermon at the Presbyterian church Sunday night. An excellent sermon by Rev. J. R. Scroggs was delivered at the M. E. church Sunday morning. It is highly spoken of by all who were present.

The Great Barlow Minstrels, under the management of Harry Ward, is billed to appear here in the opera house October 3. Just what we've been wanting for a long time. They have been on the road twenty years and have a reputation that is hard to down. We will greet them with a full house.

The "Great" Southern Minstrels which were to have appeared in the opera house here Saturday night, failed to show up. Friday night they showed in Salisbury and the following morning the manager skipped with all the "boodle," leaving the negro "artists" penniless. He was due the employes a month's salary on the day he left them. It was a bum company, the papers say.

OFF FOR THE CAMP.

The Fox Hunters Leave Today for a Week at Manchester.

A party composed of Messrs. Wm. Love, R. W. Brooks, J. F. Jordan, A. L. Brooks, H. S. Hudson, A. F. Brooks, and others, left today with a carload of horses, dogs, provisions, camping outfit, etc., for the camp at Manchester for a week's outing.

For a number of years these gentlemen have made annual trips to that favorite resort and always succeed in having plenty of sport. The country is level and offers splendid opportunities for chasing foxes, which seem to abound there.

On several of their trips they have entertained distinguished guests, the late Governor Atkinson, of Georgia, at one or more times, sharing the sport and camp life. This is, we believe, Solicitor Brooks' first trip, but we venture, if he is very fond of such things, it will not be his last one.

We shall expect them to return laden with trophies as proof of the tales they will tell.

ONE WEEK TILL DEWEY DAY

And Washington Is Pluming Herself For the Great Event.

THE CROWD WILL BE ENORMOUS

The Visitors Will Be Made to Enjoy Themselves--Governor Russell Will Probably Attend.

Special to THE TELEGRAM.

Washington, Sept. 25—With only one week remaining before the Washington greeting to Admiral Dewey, the work of preparation is going on steadily, and every indication points to the success of the reception. About the only thing now which gives concern to the members of the reception committee is the kind of weather with which Washington will be favored during the auspicious occasion. Everybody is praying for fine weather, but in Washington at this season of the year this is a very doubtful problem. The weather bureau officials, however, promise to do the very best they know how to secure a fine variety for October 3rd and 4th for this section, but then the ideas of the weather bureau officials and the citizens of the national capital as to what a "fine variety of weather" is, do not always agree.

That a great crowd will visit Washington during the reception to the hero of Manila is assured. Everything will be done to make the visit of those who come to the national capital safe and agreeable. The police department, as they usually do when large crowds are expected in the city, will use every endeavor to keep out crooks, pickpockets, and all other unwelcome guests, who follow in the wake of large gatherings. The department has spotted all suspicious characters, and if the citizens, and those who visit Washington during the reception season, will exercise only ordinary precaution there will not be much trouble experienced. For strangers who arrive there will be guides stationed at the depots, who will instruct those who have not made engagements in advance, to reliable stopping places while here.

It is expected that among other visitors in Washington during the reception week will be at least fourteen or fifteen of the state executives with their staffs. The governors while here it is understood will be the guests of the committee, and will take a prominent part in the official program during the festivities.

The senatorial committee as far as announced is composed of Senator Proctor, of Vermont, chairman; Senators Hanna, of Ohio, Butler, of North Carolina, Chandler, of New Hampshire, Davis, of Minnesota, Elkins, of West Virginia, Fairbanks, of Indiana, Foraker, of Ohio, Hale, of Maine, Lindsay, of Kentucky, McEnery, of Louisiana, McMillan, of Michigan, Mallory, of Florida, Martin, of Virginia, Penrose, of Pennsylvania, Thurston, of Nebraska, Tillman, of South Carolina, and Harris, of Kansas, and Senator-elect McComas, of Maryland.

Among the state executives whom it is hoped may visit Washington during the reception to Admiral Dewey is Governor McSweeny, of South Carolina. It is stated by the members of the committee that he has not yet given a definite answer to the invitation, but it is hoped he may find it agreeable to accept. It is understood that it is the intention of the governor to go to the New York reception, and if this is so he will likely stop in Washington on his return south.

Among others whom it is hoped may be here from the south are Governors Russell, of North Carolina, Tyler, of Virginia, Sayers, of Texas, and McMillan, of Tennessee. With the exception of Governor Tyler none of these state executives have returned definite replies, but their answers indicate that they will visit Washington next week provided they are not prevented from doing so by the duties of their office.

Among the eastern governors, it is thought Governor Wilcott, of Massachusetts, Smith, of Vermont, Powers, of Maine, and Roosevelt, of New York will be among the prominent visitors.

Representative Epes, of Virginia, is in the city and was at the the war department the other day and had a very agreeable interview with Secretary Root. The congressman visited the department in the interest of the proposed national park which is to include historic battlefields in the vicinity of his home, Petersburg. The secretary of war promised Mr. Epes that he would shortly send a representative of the war department to Petersburg to report upon the feasibility and expediency of the project. Mr. Epes has taken great interest in the proposed park and is hopeful that through the recommendation of the war department he may be able to secure legislation from the coming Congress. Some of the most sanguine conflicts of the civil war took place upon the battlefields proposed to be included in this national park, and they are annually visited by large numbers of people.

The wedding of Congressman Merlin E Olmstead, of Pennsylvania, to Miss Gertrude Howard, of Lynchburg, Va., is expected to be one of the brilliant social events of the coming winter. The marriage will take place at Lynchburg. The congressman is one of the most popular young republican members of the House of Representatives, and has promise of a brilliant future.

Miss Maud B. Lyree, of Lynchburg, who spent last winter in Washington, has just returned home after a visit to Niagara and other northern resorts.

Mr. John W. Walker, a prominent citizen of Andrews, N. C., is at the Metropolitan Hotel for a few days, being here on personal business.

AT TRINITY COLLEGE.

Strict Policy of the College—Over 200 Students Present.

There are now at the park more than two hundred students, and considerably more in the college department than were present during the entire first term of last year. The increase at the college is gratifying because it has been gained in spite of the fact that that the commercial department has been transferred to the high school and the requirements for admission to the Freshman class have been raised a year. These requirements have been rigidly enforced. This is the present policy of Trinity College. It ensures that men who enter the Freshman class are prepared to do successfully genuine college work, and it is believed that this kind of policy on the part of the colleges will tend to foster the secondary schools, and in the end raise the whole educational work of the State.—Durham Sun.

A NORTH CAROLINIAN HONORED ABROAD.

It is interesting to learn of honors extended to North Carolina scholars in foreign lands—and especially so when they fall upon one of our own citizens. Mr. Leonard C. Van Noppen, whose translation from the Dutch of Vondel's Lucifer created such a sensation in the literary world last year, has just been the guest of honor at the Literary and Linguistic Congress of the Netherlands, which met this year in Ghent, Belgium. There were 700 delegates assembled, the leading scholars and literateurs of Holland and Belgium.

Mr. Van Noppen was introduced to the congress and called upon for a speech. He responded in Dutch and was greatly applauded, both for the timeliness of his remarks and his excellent command of the language. At the large banquet at night he was frequently toasted and praised for his notable service to Dutch literature.

He returns to the United States Xmas with another publication, and will probably be heard in Greensboro next spring in one of his lectures.

Anticipating an attempt to press Americans into service in the war about to begin between England and the Transvaal, the United States Consul at Pretoria, under instructions from Washington, has entered a protest against such action. The Boers have a law, recently enacted which commands all residents in the Transvaal, whether foreigners or burghers, to shoulder the rifle in defense of the country whose protection they may be enjoying.

The Philadelphia Record sees where the Washington debartment is correct in its instructions to our consul, and explains:

There are cases when all the able-bodied inhbaitants of a community may be impressed into the service of a local militia or police, as when a civilized settlement in a savage region is threatened by a savage foe, or when in a civilized country the service of all law-abiding persons may be needed to suppress local disorder and violence.

The Americans in the Transvaal, however, are acting under no false pretenses; their sojourn is admittedly transient; they do not wish to abandon their American citizenship, nor have they any desire to acquire political rights in the Transvaal. Being Americans, and intending to remain such, they cannot be compelled to serve in in a foreign army to fight against a civilized foreign enemy of the country where they are temporarily dwelling, and this government is bound to see that they shall not be unlawfully impressed.

A German astronomer finds that a loose comet is disporting itself in the upper realms headed this way and prognosticates that the aerial body will strike the earth on the 13th of November, shattering the old ball into smithereens. The Russian peasantry are scared out of their wits, and the Russian government has suppressed all translations of the prediction. It is not known what part of the world the comet will hit, but if the fates should kindly guide the flame-tailed varmint along a circuitous route so its arrival would be delayed till long about the 13th of November, 1900, it might save the democratic party a painful duty.

It is interesting indeed how people can without much trouble get accustomed to almost anything. A few years ago a reign of Yellow Jack similar to that with which now Key West is afflicted, would not only have terrorized the people of that city, but would have struck consternation to all the southern states. But at present even the Key Westerners don't seem excited in the least, while the plague bestows his sting of death comparatively unheard of outside of Florida.

The Wilmington Star enters upon its sixty-fifth volume, the thirty-third year of its continuous publication under the same management. The Star is by far the oldest daily in the state, and one of the best. We congratulate it upon its remarkable longevity and its superb tone of journalism and hope it may continue to shine with its wonted luster for many, many years yet.

Dewey destroyed a fleet of old useless wooden Spanish vessels and is made the recipient of the American nation's most exalted honors. Schley blew the flower of the Spanish navy—a fine fleet of modern ironclads—to the bottom of the ocean, and was deprived of his commission for his pains. Where is justice in this business?

Oroon Rogers "puddled" off to Burlington Saturday to take in the circus.

Dr. Clapp, who has been holding down the dentist work for Dr. Brooks, of Burlington, came in Saturday evening.

Mrs. Harlee, now of Greensboro, but formerly of Whitsett, came down to seet us Saturday and will remain a few days.

This is not a gala day with we with we Whitsett people, but with a circus on one side and a picnic on the other, makes us feel "la la."

Misses Ada Clapp and Alice Dick took in the enormous and combined show, the "great" John Robinson, who gave an exhibition in Burlington.

Miss Virginia Shivers, who has been visiting the family of Mrs. Dora Dick for the past month, left for her home in Eastern Carolina, much to the regret of her many friends.

C. T. Robertson is what we call a worker. The E. B. Clapp building situated on Alfonso avenue, which has been standing vacant so long, is now being repaired, and in a few days will be ready for occupancy. Mr. Robertson a merchant of old and knows his business. Success to you, Mr. Robertson.

SUBMARINE TORPEDO BOAT.

She has a Practice Run and Makes a Good Showing.

Greenport, N. Y, Sept. 22—The submarine topedo boat made a remarkably good showing during the practice run today. The trials were made over the course in Little Peconic Bay, which will be used for the dive tests to be held later. The vessel was recently overhauled, and during the run of today showed a considerable increase of speed. The new diving apparatus for operating the steering engines worked successfuly, the boat getting under water and completely out of sight in quick time. Beside diving, running on the surface and under water for a length of time, torpedo practice was indulged in. The Whitehead torpedo was used, similar in design to those used on the smaller vessels of the United States navy. Sufficient air was stored in the air chamber of the torpedo to give it a radius of action of about 500 yards. The trial was in sending the boat over a mile course submerged, at the end of which it came to the surface and the torpedo was discharged from the tube, which is about five feet below the surface of the water. The run under the water was made in about ten minutes. The torpedo was successfully discharged from the tube, but owing to what is thought to have been a disarrangement of some of the mechanism the torpedo, instead of taking a straight course took a downward turn and the volume of muddy water sent up showed that it struck the bottom about fifty feet from the bow of the boat.

Small Freight Wreck.

An extra freight train was wrecked early Sunday morning about one mile from Winston and the passenger train due here at 6:55 a. m. was unable to pass. A special train from here was sent up to the scene of the wreck and the passengers, baggage and mail were transferred and the train arrived here at 9:10 a. m. No damage was done except to one box car, which was derailed, and had one of its trucks broken. The wreck was cleared away when the train returned to Winston at 10:40 a. m.

Something to be Considered—Prospective Tourist (at booking office of great ocean liner)—"That stateroom is near the stern of the vessel, isn't it?" Agent—"Yes, sir." Prospective Tourist—"You ought not to charge me full price for it." Agent—"Why not?" Prospective Tourist—"Because when the steamer comes to land I'll have to walk a half a mile to get ashore."—Chicago Tribune.

In name only—Mrs. Hix—"I am glad to hear that your husband is working again." But he isn't working; he has a political job."—Chicago News.

DEPARTMENT OF MUSIC.

BY J. W. TILLINGHAST.

[All communications intended for this department should be sent to J. W. Tillinghast, 415 Eugene street. All notices for publication should be handed in not later than 9 o'clock Monday.]

I desire to impress upon the people who have promised to help in the home minstrels for the band the importance of attending the rehearsal tonight. The music to be used, while not classic, is the best of light music and requires much practice for its successful production. Any music that is worth playing at all is worth a careful interpretation, and unless we have a full orchestra meeting we can no more interpret scores than we can play a piano solo with half the piano keys silent. You have your essential part of the composition to produce, and if your instrument is absent a gap is made that keeps the whole orchestra from understanding what the composition is. Please come out and let our rehearsal be a complete one. Nothing but serious effort will produce results worthy of serious consideration.

***

The new orchestra for the West Market street Sunday school, spoken of in last Monday's issue, is an assured success. The money for the purchase of the instruments not already on hand, has been paid in and the purchases will be made at once. The enterprise is in the hands of men who are serious musically and religiously and there can now be no possible doubt as to its success.

***

The contract for the lyceum season entertainments have been signed and the season will open early in November with the Smith Sisters' concert. Mr. Boyles says the tickets are ready for delivery.

***

The billboards are plastered for another minstrel show. Let us hope it is not another "Great" minstrel company. The local management ought to protect the public against such conglomerations as "The Great Southern Minstrels." There are ways of finding out what an attraction(?) is in advance and the theatrical managers who do so and refuse to book frauds will find it in the long run, to their advantage. I know several musicians of refined taste who attended the "show" on Thursday night and it will be hard to get them out again.

***

One of the best things a musician can do for his art is to bring before the people the position that music should occupy in the general scheme of education. Music stands as the representative of the æsthetic life in general. The world at large often gives to the term "education" the meaning of simply a collection of facts and theories to the neglect of the æsthetic sense.

But, when we exploit the real place of music in the scheme of education, we are opening the way for all that goes to make up a higher and better æsthetic life, which is part and parcel of that higher culture that all truly educated men and women view as the worthy ideal of the race.—Exchange.

A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by C. E. Holton, druggest.

From Our Standpoint

Cost is No Consideration
Value is No Consideration
Profit is No Consideration

The objective point of our business at this time is to realize cash from our goods and accounts.

We have made prices on our stock which ought to move it in the limited time at our disposal.

This is our side of the question.

From Your Standpoint

Price is Some Consideration

Value is Greater Consideration

These two elements, combined as they now are in our store, are arguments clear, cogent and convincing. Greater values for less money than you can approach elsewhere. If we have what you want, we can be of substantial benefit to you. Call and see us.

The greatest danger to life in the city is not the car with its clanging gong, but those silent invisible foes, the germs of disease. The prevalence of consumption in cities is stated to be largely due to the frequent expectoration of diseased persons, whose dried sputa mixed with the dust and blown into the air, is inhaled by some luckless man or woman. Sanitation may minimize these perils but can never obliterate them. The essential thing is to educate every person to the knowledge that the germ can find no permanent lodgment in a healthy body. Keep the blood pure, the stomach and other organs of digestion and nutrition in sound health and you are practically germ proof.

This disease resisting condition is obtained by the use of Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the stomach, nourishes the nerves, and heals the lungs. Even when there is obstinate cough, bronchitis, spitting of blood and other conditions, which, if neglected, lead to consumption, the faithful use of Golden Medical Discovery will, in almost every instance, effect a cure.

"I was taken sick in July last year, and was not able to do any kind of work until November," writes Mr. Noel W. Orvin, of Langley, Aiken Co., S. C. "Had been coughing up small, hard lumps of phlegm for about a year before I was taken down. I then called on a doctor, who said that one-half of my left lung was gone, and advised me to leave my home and go to the country. I wrote to you for advice. I took four bottles of Dr. Pierce's Golden Medical Discovery, which I sincerely believe has done me more good than all the other medicines I have ever taken."

Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

THE FIFTY-SIXTH CONGRESS.

Some Arguments Advanced in Favor of an Extra Session This Fall.

There is nothing surprising in the fact that the reports are repeated that there will be an extra session of congress. The congress whose official life began on the fourth of March, 1899, will have a larger amount of important work before it than has confronted any congress since the close of the reconstruction days. There is a natural desire on the part of the republicans to have as much as possible of the most urgent part of this work done before the meeting of the national convention. Some of this work will be entirely new to American legislative bodies.

The congress of 1899-1901 will be called on to devise some sort of civil government for Hawaii, Porto Rico and the Philippines. It will have to take some action toward defining the status of Cuba. The work in relation to Hawaii and Porto Rico should be taken up at the earliest possible moment. The Philippine civil government question could probably be deferred a few months until the rebellion in Aguina do's part of Luzon is suppressed, but this task, after all the soldiers intended for the Philipines arrive on the ground, will undoubtedly be quickly finished. The Cuban matter catter can also be postponed a few months without serious harm, as the census will have to be taken in any case before the people of the island will have an opportunity to vote on question of annexation or independence. All this work, however—that regarding the Philippines and Cuba as well as that pertaining to Hawaii and Porto Rico—will come up before the present congress.

Then there are some more strictly domestic questions which ought to be attended to at the earliest practicable date. The president wants a law passed which will put the gold standard so squarely on the statute book that a free silver president, if one is ever elected, could not, unless aided by a free silver congress, pay silver instead of gold from the treasury in redemption of greenbacks, and thus bring the financial system of the country down to the 45 cent dollar level. The president is also naturally anxious to make whatever alteration in the tax laws may be needed, if anything of the kind should turn out to be needed at all, as will give the treasury an abundance of revenue to meet the drain which the war in the Philippines is causing. This, of course, will involve no change in the tariff. That part of the tax laws can safely be allowed to remain untouched for a few years more at any rate. If any changes are called for they can be made in the internal taxes. The general question of monetary reform also may have to be taken up, aside from the placing of the gold standard upon the statute books The more of this work which is transacted before the national canvass begins next year the better the republican party will be pleased. However, even if congress does not come together until the stated day in December a great deal can be done between that time and the middle of 1900 by a thorough understanding of the necessities of the case on the part of the republican leaders in the house and senate.—St Louis Globe-Democrat.

A Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea remedy. Read his editorial From the Times, Hillsville, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R Moore, Sold by C. E. Holton.

Baron Russell, of Killowen, Lord Chief Justice of England; Lord Charles Beresford, the Right Hon. Arnold Morley and Lord Minto, Governor General of Canada, will be guests of Chicago, October 9.

"I suffered with piles eleven years before using DeWitt's Witch Hazel Salve; now my health is fully restored—I feel like a new born man"—Conrad Stange, Pierz, Minn. A soothing, healing preparation of standard merit; beware of worthless counterfeits. Howard Gardner.

Former Mayor Ramsdell, of Lynn, Mass., has declined the democratic nomination for state auditor, saying the ticket is a creature of the George Fred Williams machine.

An Enterprising Druggist

There are are few men more wide awake or enterprising than C, E. Holton, who spares no pains to secure the best of everything in his line for his many customers. He now has the valuable agency for Dr. King's New Discovery for consumption, coughs and colds. This is the wonderful remedy that is producing such a furor all over the country by its startling cures, It absolutely cures asthma, bronchitis, hoarseness, and all affections of the throat, chest and lungs. Call at the above drug store and get a trial bottle free or a regular size for 50 cents and $1. Guaranteed to cure or price refunded.

MAIL CRASHES INTO FREIGHT.

A Number of Trainmen and Passengers Killed.

Denver, Col., Sept 23—Six passengers were killed and five injured, one perhaps fatally, in a collision on the Denver and Rio Grande railroad at Reno siding, near Florence, at 4:08 o'clock this evening. The trains in collision were the Phillips-Judson excursion from the east and the eastbound fast freight. The killed are:

F. Salter, manager of the excursion.
Eva M. Walker, aged 12, of West Ford, Mass.
Eugenie B. Judkins, aged 12, Spokane, Wash.
Addie J. Judkins, aged 10, Spokane.
George H. Judkins, aged 6, Spokane.
— Wills, boy, aged 6, Los Angeles, Cal.

The excursion train had run from Chicago over the Chicago and Alton and Missouri Pacific railroads and was turned over to the Denver and Rio Grande at Pueblo at 2 p.m. The passenger train was running at the rate of 35 miles an hour when the collision occurred.

When hoarse, speak as little as possible until the hoarseness is recovered from, else the voice may be permanently lost or difficulties of the throat produced.

DON'T WORRY AAOUT SALARIES.

What Another Person Get Signifies Nothing to You.

"What salaries are paid in different business callings is a question often asked by young men, and one which seems to enter into their deliberations as a qualifying factor as to whether they shall enter certain trades or professions," writes Edward Bok in the September Ladies' Home Journal. "I never could quite see the point of this, nor the reason for it. What are the salaries which are paid to others, to you or to me? They signify nothing. If the highest salary paid to the foremost man in a certain profession is $10,000 a year, what does it prove or signify? There is no obstacle to some one's else going into that same profession and earning $25,000. The first step in going into business is to find out not which special line is most profitable, but which line you are interested in and are best fitted for. Then drive ahead, and the salary will take care of itself. When a young man thinks too much of his salary it is pretty good proof that he is not of very superior make. Ability commands income. But you must start with ability; not with salary."

ELIJAH JOYNER GUILTY.

Prompt Conviction in Dongola Murder Case.

Greenville, N. C, Sept. 22—Today, in the superior court, Elijah Joyner was convicted in the first degree of murder and arson at Dongola last April. The entire trial occupied only three hours, and when the case was given to the jury they were bu fifteen minutes in reaching a verdict. Judge Hoke sentenced Joyner to be hanged Friday, November 10th.

Foul-Smelling Catarrh.

Catarrh is one of the most obstinate diseases, and hence the most difficult to get rid of.

There is but one way to cure it. The disease is in the blood, and all the sprays, washes and inhaling mixtures in the world can have no permanent effect whatever upon it. Swift's Specific cures Catarrh permanently, for it is the only remedy which can reach the disease and force it from the blood

Mr. B. P. McAllister, of Hardrodsburg, Ky., had Catarrh for years. He writes: "I could see no improvement whatever, though I was constantly treated with sprays and washes, and different inhaling remedies—in fact, I could feel that each winter I was worse than the year previous "Finally it was brought to my notice that Catarrh was a blood disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try

S. S. S., and after a few bottles were used, I noticed a perceptible improvement. Continuing the remedy, the disease was forced out of my system, and a complete cure was the result. I advise all who have this dreadful disease to abandon their local treatment, which has never done them any good, and take S. S. S., a remedy that can reach the disease and cure it."

To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specific is a real blood remedy, and cures obstinate, deep-seated diseases, which other remedies have no effect whatever upon. It promptly reaches Catarrh, and never fails to cure even the most aggravated cases.

The Lee's Practical Business College,

of Charlotte, N. C., the only institution of the kind in the South that offers courses in Modern Languages, now offers thorough and complete courses in Spanish, French and German, and will admit pupils to these courses up to the second day of October. Time required for the completion of the course in Spanish, about three months.

The Modern Language Department is under the management of Prof. H. Ringler, a native Frenchman, who has added to the best intellectual training that the schools of France, Germany and Italy afford that superior knowledge and experience that are to be acquired only by extensive travel. Our rapidly increasing foreign relations make the acquisition of the Spanish language especially desirable just at this time.

Maj. C. M. Steadman and R. R. King went to Fayetteville today on legal business.

Barlow Bros'. Minstrels will give a performance at the Academy of Music on October 2.

A large crowd of colored people of this city attended a colored protracted meeting at Guilford Collego yesterday.

Several young people of this city attended the camp meeting yesterday at Gray's Chapel, twenty miles south of here. We are informed that about 3,000 people were in attendance.

Did you ever see un umbrella man? Well we have one with us today in Billy Hanline, of Gaus Bros., Baltimore. Billy says his umbrellas are made in Baltimore, but raised everywhere.

Sheriff Gilmer is sending out notices advising taxpayers of his appointments in the various precincts in the county next month for the collection of taxes. His first appointment is on October 9th at Hodgin's store, Sumner township.

J. A. Turner, of this city, agent for the New York Life, on Saturday paid Mrs. Julian Price $1,000, the same being due on a life policy for that amount held by Lieutenant Ralph Clay, who was Mrs. Price's brother. Payment was made in eight days after proof of death was filed. Prompt work.

Lee Spencer, a young man employed by the Proximity Manufacturing Co., died yesterday and was buried at Buffalo church this afternoon. Mr. Spencer was about 25 years of age, and came to Greensboro some time ago from Rockingdam county. He was unmarried and had no relatives here. An aunt came over to attend the funeral.

Westminster Notes.

Communion services were held at Westminster church yesterday morning. The pastor preached at the morning service.

Rev. Allen Jones, of Ashe county, preached at night and Dr. Murray, of Mebane, who will assist the pastor in a series of meetings, arrived at noon today and will preach tonight. There will be services at 11 a. m. and 8 p. m. throughout the week.

The Westminster League met at 7:15 last evening and elected the following officers: President, Chalmers McLean; vice-president, J. S. Kuykendall; secretary, Charlie Murray; treasurer, Miss Minnie Whitsett.

Romantic Marriage.

Mr. H O Ingram, son of J. N. Ingram, the grocer, and Miss Annie, daughter of Mr. and Mrs. S. S. Haithcock, were united in marriage in Oxford Saturday, Rev. Mr. Owens, of the Episcopal church officiating.

Miss Haithcock was on a visit to friends in Oxford. The bride and groom had kept their expectations a secret from their friends and no one here knew of the marriage until yesterday. Mr. Ingram left here Friday night and yesterday returned with his bride. They are for the present stopping with the groom's father on Spring street. Our best wishes are extended for a useful, happy and prosperous career.

Ankle Broken.

Howard L Weeks, of the Johnston Manufacturing Company, of this city, was doing some cornice work on the steeple of the First Methodist church at Henderson Saturday, when he lost his foothold and fell about thirty-five feet to the roof of the building. His left ankle was broken in four places. The injured member was dressed by Dr. Cheatham, and Mr. Weeks arrived in this city Saturday night. He is able to be up but is using crutches.

COMMITTEE MEETING.

Faculty of A. & M. College to Conduct a Night School.

The executive committee of the colored A. & M. College, of this city, was in session at the college Saturday. The committee is composed of A. M. Scales, of this city, Prof. M. C. S. Noble, of Chapel Hill, and W. F. Debnam, of Raleigh.

Prof. Hugo Diemer was elected to fill the vacancy caused by the resignation of Prof. J. H. Bourne of the mechanical department. Prof. Diemer is a graduate of the Ohio University, and has had charge of the Bulluck Electric Manufacturing Co., of Cincinnati, for several months. He arrived from Cincinnati this morning and will enter upon his new duties at once.

I. S. Cunningham, a graduate of the college class of '99, was elected foreman of the college shops.

On account of the amount of work to be done on the farm by the students, the executive committee authorized the faculty to conduct a night school.

The committee also visited a number of farms in the neighborhood of the city, with a view to purchasing one for the use of the college.
